About Us
IIT Jodhpur

Indian Institute of Technology Jodhpur was established in 2008, to foster technology, education and research & development in India. The Institute is committed to human resource technology development for India. Scholarship in learning, commitment to research, engagement in creative accomplishments, and relevance to Industry are driving forces for us at IIT Jodhpur.

Campus

IIT Jodhpur is successfully operating in its Permanent Campus on the National Highway 65 (NNE of Jodhpur towards Nagaur). The Permanent Campus is planned meticulously and envisioned to stand as a symbol of academics - simple, but deep.

Academic Offering

As on date, the Institute has 2500 students on roll (B.Tech -1178., M.Tech- 297, MSc/ MSc - M.Tech.- 197, M.Tech./Ph.D. - 40, MBA - 68, Ph.D.- 472, Executive M.Tech. - 265) along with 142 Faculty Members and 65 Staff Members. The Institute is committed to technology development, and has established state–of–the–art laboratories for basic research. The degree programs are organized through 11 Departments. IITJ will be starting following dual degree (Mtech+Phd) programs from the upcoming session in the various areas as Bioscience & Bioengineering, Computer Science & Engineering, Artificial Intelligence, Communication Engineering, Cyber Physical Systems, Sensors and Internet of Things, Data and Computational Sciences, Metallurgical & Materials Engineering, Design Engineering, Advance Manufacturing & Design & Thermofluids Engineering.

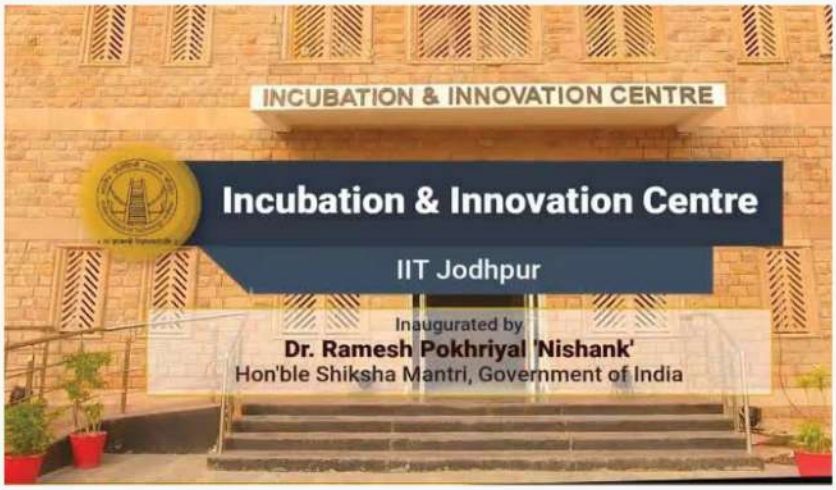
Highlights of
IIT Jodhpur

Technology Park

IIT Jodhpur is setting up an Incubation Centre and Technology Park on its campus to nucleate a cluster of new-age ventures. The focal theme for the Technology Park is AIOT – Artificial Intelligence of Things. The convergence of AI, IoT and 5G is ushering in AIOT. This next-generation technology is expected to impact all sectors of the economy. TECH PARK will host at least 30 companies at a time. The talented and experienced faculty and Research facility of IIT Jodhpur will be an integral resource of Tech Park.

Incubation Centre

IIT Jodhpur has set up an Incubtion and Innovation Centre on its campus to nucleate a cluster of newage ventures. The Centre was inaugurated on the 16th October 2020 by Dr. Ramesh Pokhriyal 'Nishank', Hon'ble Union Shiksha Mantri, Government of India. Present available infrastruture has around 21,000 sq. ft. of the built-up area dedicated for incubation and innovation along with other business support amenities. At any time, on an average 30 incubators can be accommodated in the unit.



NIRF RANKING

IIT Jodhpur Showed gigantic jump in the NIRF ranking. From 43rd position in 2021 to 30th position in 2022 , this improvement has been possible solely due to the time and efforts put in by everyone at IITJ. Kudos to all of them. Let us vow to similarly strive ahead to achieve more laurels and fame.

Programs Offered

Academic Programs

The programs are very diverse and the curriculum is one of the finest in country. The addition of courses like Data Structures and Algorithms, Machine Learning, and Computer science in every specialization makes the curriculum very appealing. Every student enrolled in the Bachelor of Technology goes through these courses.

B.Tech.

Computer Science and Engineering	Electrical Engineering
Mechanical Engineering	Biotechnology
Materials Engineering	Artificial Intelligence & Data Science
Chemical Engineering	Civil Engineering
Engineering Sciences	

In addition to these, we have several minors which students can undertake on their individual interests.

Minor Specializations

Artificial Intelligence	Cyber-Physical System
IOT	Robotics
Smart Healthcare	Energy Engineering
Visual Computing	Data and Computational Science

Programs Offered

Academic Programs

M.Sc.

Physics	Chemistry
Maths	Digital Humanities

M.Sc. and M.Tech. Dual Degree

Data and Computational Sciences	Physics+Materials Engineering

M.Tech.

Artificial Intelligence	Advanced Manufacturing & Design
Infrastructure Engineering	Bioscience and Bioengineering
Materials Engineering	Chemical Engineering
Sensors and IoT	Computer Science and Engineering
Thermofluids Engineering	Cyber-Physical Systems
Infrastructure+Environmental	Infrastructure+Energy

Executive M.Tech.

Artifical Intelligence

Programs Offered

Academic Programs

M.Tech.+PhD Joint Program

Sensors and Internet of Things	Cyber-Physical System
Communication and Signal Pro-	Thermofluids Engineering
Advanced Manufacturing	Mechanical Design
Medical Technology	Computer Science and Engineering
Artificial Intelligence	Data and Computational Sciences
Bioscience and Bioengineering	Chemical Engineering

PhD

Physics, Chemistry, Mathematics	Engineering Sciences
Bioscience and Bioengineering	Electrical Engineering
Chemical Engineering	Mechanical Design
Civil and Infrastructure Engineering	Computer Science and Engineering
Metallurgical & Materials Engineering	Digital Humanities
Science of Intell. - IOT and Applications	Smart Healthcare
Robotics and Mobility Systems	

Undergradute
Student Demographics

Maths (M.Sc.+M.Tech.)	8
Physics (M.Sc.+M.Tech.)	10
Bioscience & Bioengineering (M. Tech.)	12
Chemical Engineering (M. Tech.)	13
Civil & Infra Engineering (M. Tech.)	10
Computer Science & Engineering	16
AI (M. Tech.)	81
AMD (M. Tech.)	20
CPS (M. Tech.)	13
IDRP Joint Program	08
CI-ENV(M. Tech.)	14
Maths (DCS) (M. Tech.)	11
Material Engineering (M. Tech.)	14
SIOT (M. Tech.)	10
TFE (M. Tech.)	20
MBA, SME	82

IIT Jodhpur

Placement Procedure

Step 1

Career Development Cell reaches out to various prestigious firms notifying that IIT Jodhpur is open for hiring.

Step 2

Companies interested reach out CDC with the details CDC needs about the roles extended by the company.

Step 3

Details of eligible candidates who are interested for the role will be made available to interested companies. Company can provide insight to students with their pre-placement talks.

Step 4

Students go through screening tests mandated by the company. Shortlisted students move forward in the company's selection process.

Step 5

CDC notifies the companies with the feasible dates and schedules hiring process after finalising the dates.

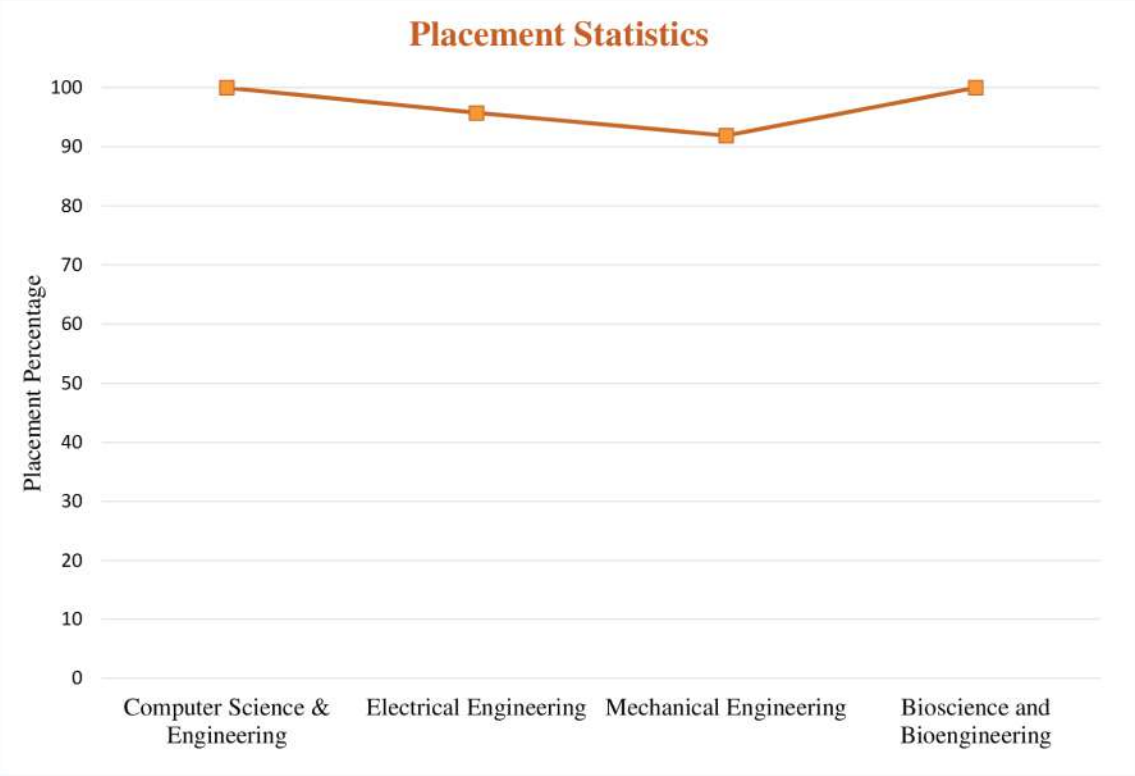
Step 6

Companies provides the final list of the selected students. CDC ensuring that all ends are met, will request for feedback to improvise the expereince.

Placement Report

Undergraduate

Program	Placement Percentage
Computer Science and Engineering	100
Electrical Engineering	95.74
Mechanical Engineering	91.89
Bioscience & Bioengineering	100



Key-Points

- In the academic year 2021-2022, IITJ has recorded 97.18% placement.
- A steep rise (more than 150) in companies visited the campus in 2021-2022.
- The average salary across all branches has increased.
- Highest Package was 61 Lakhs(B.Tech.) and 28.6 Lakhs(M.Tech.).
- Internship count increased by 30 percent.

IIT Jodhpur's
Club Activities

Career Development Cell

Career Development Cell is the body which looks after overall development of the students by assisting them on career planning and exploring career opportunities as per their interest which will help them in gaining knowledge, skills, abilities required for their career path. This helps students to focus, set goals, introspect, find solutions to their lacunae, inculcate confidence and prepare themselves just not for the placement session but for the life ahead.

E-Cell

Entrepreneurship Cell IIT Jodhpur is one of the most prominent student bodies of the institute. Encompassing verticals like Finance and Management, Corporate Relations, and Marketing, E-Cell helps its members gain experience in the domains of Finance, Consulting, Analysis, Market Research as well as providing them all the opportunities to showcase their passion for Entrepreneurship, Finance, and Management. Marquee events like Ideaspark and INICIO (the entrepreneurial fests), E-conclave, and FINTASTIC, help the students get an opportunities to be a part of the organizing team as well as participate in events like Portfolio Management and trading Competitions, Case Studies, B-Plan and pitching competitions, Quizzes, etc. The students also get to interact,interview industry professionals and entrepreneurs who guide them and help them get their career goals, straight. This great vision and passion of its members have helped the E-Cell in becoming one of the most effective and prominent E-Cells in the 2nd Gen IITs.

Devlup Labs

Devlup Labs is an open-source student community here at IIT Jodhpur. Devlups has been at the forefront of introducing the students to various technologies ranging from blockchain to backend development to application development.
The community ensures students have a wide range of guidance available to pursue open-source development and contribute to valuable and meaningful projects.It constantly ushers students into the development world by working with startups to release projects and holding its very own Winter of Code!

IIT Jodhpur's
Club Activities

Programming Club

PClub is a community where students learn to write good, fast and debuggable code. In the world of competitive programming, where speed and handling corner cases is the key, we believe that patience and meticulous practice is the only recipe for success. PClub has been responsible for organizing diverse events ranging from Fresher's Challenge for just beginners to dynamic programming discussions of AtCoder problems for veterans along with monthly dinnertime contests for all so that no coding enthusiast is left behind.PClub also emphasizes working with development and machine learning and has subdivisions for the same.

Literature Club

The literature club of IIT Jodhpur, established in 2008 is one of the foremost clubs of the college, from conducting successful events to winning medals for the college, it has always been thriving.The club includes: Wordgames, MUNs, Ecumene the debate club, Poetry, Creative Writing. AAFTAAB, our Intercollegiate Literary fest, is the flagship fest of the literature club, hosting events like meet and greets, bonfire sessions, article writing competitions etc.

Flim-making society

Fim-making society comprises of film-enthusiasts who are interested in various domains of cinema i.e. Cinematography, video-editing, screenplay, acting etc. The society encourage creative exploration and helps the students to expand their creative thinking with the help of softwares such as premiere pro, after-effects etc. The society uploads educational short-films, trailer and organizes competition on institute level. The society also participates in Cultural meet and covers the events and fests.

Design and Creativity Society

Design and Creativity society promote and encourage creative exploration and expansion of skill sets in graphic design tools through workshops, activities, and events and hence build a design community for social and professional growth. The society make posters for all the fests in the college and participates in cultural meet.

And Many More..

IIT Jodhpur's

Beyond Academics

Prometeo

PROMETEO

Prometeo 2022 is the second edition of IIT Jodhpur's National Technical + Entrepreneurial Festival. Prometeo derives its name from the Greek word for forethinker, and celebrates disruptive technologies through talks, workshops, and competitions. This year's theme for Prometeo 2022 is 'India in 2030-40-50' with the objective to address the major existing challenges of our society, provide expo-

Spandan

Spandan is the intra college cultural fest of IIT Jodhpur. Usually the first fest of the session, it is participated by an enthusiastic crowd, eager to portray their talents in the cult arena. Versatility in the various categories is extensive, with competitions in fields like drama, dance, singing, literature, photography events, informals and fashion show among others. Three days of Spandan awaken the whole campus leaving them to prepare all night.

Varchas

Varchas is the annual sports fest of IIT Jodhpur. Being the largest sports fest of Rajasthan, Varchas celebrates the spirit of sportsmanship and serves as a platform to showcase the countless hours of perspiration put in by the teams to achieve excellence in their sport. Since its inception in 2011 the grandeur of Varchas has spread far and wide across the best colleges of India.

Inter IIT Tech Meet

Inter IIT Tech Meet is the annual technological competition organized by the Indian Institutes of Technology and qualifies as the only technical event wherein all the IITs participate. This event is hosted in cycle by one of the participating institutions. A Pan IIT Annual Event where IITs come together to solve real-life challenging problems. Enhanced collaboration between IITs foster development of technology solutions and also encourage more and more graduating students to pursue this into full time ventures wherein they take this technology from research labs to end users, impacting a million lives.

Leaderboard

1	IIT Kharagpur	2748
2	IIT Kanpur	1870
3	IIT Roorkee	1647
4	IIT Guwahati	1591
5	IIT Bombay	1576
6	IIT BHU Varanasi	1479
7	IIT Madras	1189
8	IIT Jodhpur	842
9	IIT Patna	744
10	IIT Mandi	728

Inter IIT believes to cater and encourage continuous need of advancement in technology and human life via new ideas, innovative solutions and creativity. It wishes to bring a change and bring a positive impact on society, by solving difficulties and problems via technology. Primarily, the meet is a collaborative platform to target networking and knowledge sharing and at the same time encouraging innovative solutions to challenges faced in real-life constraints, competitively. The Inter IIT Meet witnesses a footfall and participation of 23 IITs across the country and participation & involvement of about 13k students every year. With so many students and aspiring engineers its aim is to reach out to all the students and design the events so that each and every aspiring competitor gets a sporting and even chance.

This year, IIT Kharagpur organized the Inter-IIT Technical Meet 10.0 from 25th-27th March 2022, where the competitions are based on Real-Life Problem Statements given by Major MNCs like BOSCH, Mudrex, etc., and Government Research Institutions like DRDO, ISRO, etc.

The problem statements came in 3 categories as follows :-

1. High Prep Event

- DIGITAL ALPHA'S SEC FILING ANALYZER FOR SAAS COMPANIES:
  - **IIT Jodhpur holds 9th rank .**
- BOSCH'S MODEL EXTRACTION ATTACK FOR VIDEO CLASSIFICATION:
  - **IIT Jodhpur holds 5th rank.**
- SILICON LABS' SOCIAL ENTREPRENEURSHIP CHALLENGE:
  - **IIT Jodhpur holds 15th rank.**
- BLUE YONDER'S SUSTAINABLE SUPPLY-CHAIN:
  - **IIT Jodhpur holds 4th rank.**

2. Mid Prep Event

- ISRO'S WEB-BASED AUTOMATIC IDENTIFICATION OF SOLAR BURSTS IN X-RAY LIGHT CURVES:
  - **IIT Jodhpur holds 11th rank. .**
- DRDO'S UAV-GUIDED UGV NAVIGATION CHALLENGE::
  - **IIT Jodhpur holds 8th rank.**
- MUDREX'S ALPHA TRADING QUEST::
  - **IIT Jodhpur holds 12th rank.**
- BOSCH'S AGE AND GENDER DETECTION: :
  - **IIT Jodhpur holds 14th rank.**

3. Low Prep Event

- ISR POWERED BONNET FOR ELECTRIC VEHICLE:
  - **IIT Jodhpur holds 20th rank. .**
- BLUE YONDER'S NEXT-GEN OPTIMIZED DELIVERY ECOSYSTEM:
  - **IIT Jodhpur holds 15th rank.**
- GMETRI'S GROWTH STRATEGY FOR METAVERSE:
  - **IIT Jodhpur holds 14th rank.**
- MERCARI'S LARGE SCALE SYSTEM DESIGN HACKATHON:
  - **IIT Jodhpur holds 15th rank.**

This year IIT Jodhpur secured 8th position among the other IITs across the country with an overall score of 842 in the final leaderboard of the Inter-IIT Technical Meet 10.0 organized by IIT Kharagpur.
